**Reply to RTI First Appeal No. IITPD/A/E/23/00010 received on 29 November 2023**

As per Point No. 3 of DoPT OM No. 15012/2/2010-Estt.(D), dated the 27th March, 2012 and Point No. 1 of Compilation dated 06.09.2022, the relaxation in upper age limit is applicable only to Central Government Civilian Employees holding Civil posts and do not suo-motu apply to other category of employees including employees of autonomous/statutory bodies, Central Public Sector Enterprises etc. Hence it is clear that the relaxation in upper age to Central government servants is applicable for recruitment to various categories of posts under the Central Government whereas IIT Palakkad is an autonomous body which follows its Recruitment and Promotion Norms duly approved by Ministry of Education.

<b>Prayer or Relief Sought</b> (प्रार्थना या अनुरोध की गई राहत) :	1. As the response from the PIO regarding the information as requested in the RTI application is unsatisfactory and amounts to denial of information, an appeal is preferred against the order of the concerned Public Information Officer under the section 19(1) of the Right to Information Act, 2005.		

2. It is clear from the response of the PIO that it is indeed the relevant and concerned public authority which is best equipped to deal and answer the queries of the RTI Applicant.
3. Under the RTI Act, 2005, a PIO is obliged to provide access to information to a citizen unless as stipulated by Section 7(1), furnishing of such information is covered by one of the exemptions provided under Section 8 or Section 9 of the RTI Act. The PIO has failed to discharge its duties and obligations by refusing to provide the information and failing to state the reasons for doing so under the law.
4. The PIO has just replied that the Information is not available in this office. Merely replying that the information is not available will not absolve the PIO of its responsibility to ensure that the desired information forming part of public records ought to be provided to the applicant. If the PIO is not the concerned authority to reply to the RTI application, he/ she should have transferred the same to the appropriate PIO/ Public Authority within 5 days as prescribed under Section 6(3) of the RTI Act. By not doing so, the PIO has failed to discharge his/ her duties and obligations under the law.
5. Once the applicant makes an application, it is the duty of the concerned authority to make all efforts to facilitate the provision of information requested which includes transferring the application u/s 6(3) to the concerned department. The act of the PIO to respond that the information is not available with the department highlights the casual approach being adopted while dealing with the application.
6. The incomplete response of the PIO highlights that the manner in which the said RTI application has been dealt with is not in consonance with the provisions and the purpose for which the RTI Act was enacted and fails the mandate of good governance. Under Section 5(3) of the RTI Act, it is incumbent on every PIO to render reasonable assistance to all persons seeking information. To this end, the PIO has failed in his duties to assist the applicant in obtaining the information available with the Authority in whatever manner it is held.
7. The meaning of information under Section 2(f) of RTI Act clearly states that it includes any material in any form, including records, documents, memos, emails, opinions, advices, press releases, circulars, orders, logbooks, contracts, reports, papers, samples, models, data material held in any electronic form. The information requested for by the applicant clearly falls under the category of Section 2(f) of RTI Act.
